Novell®

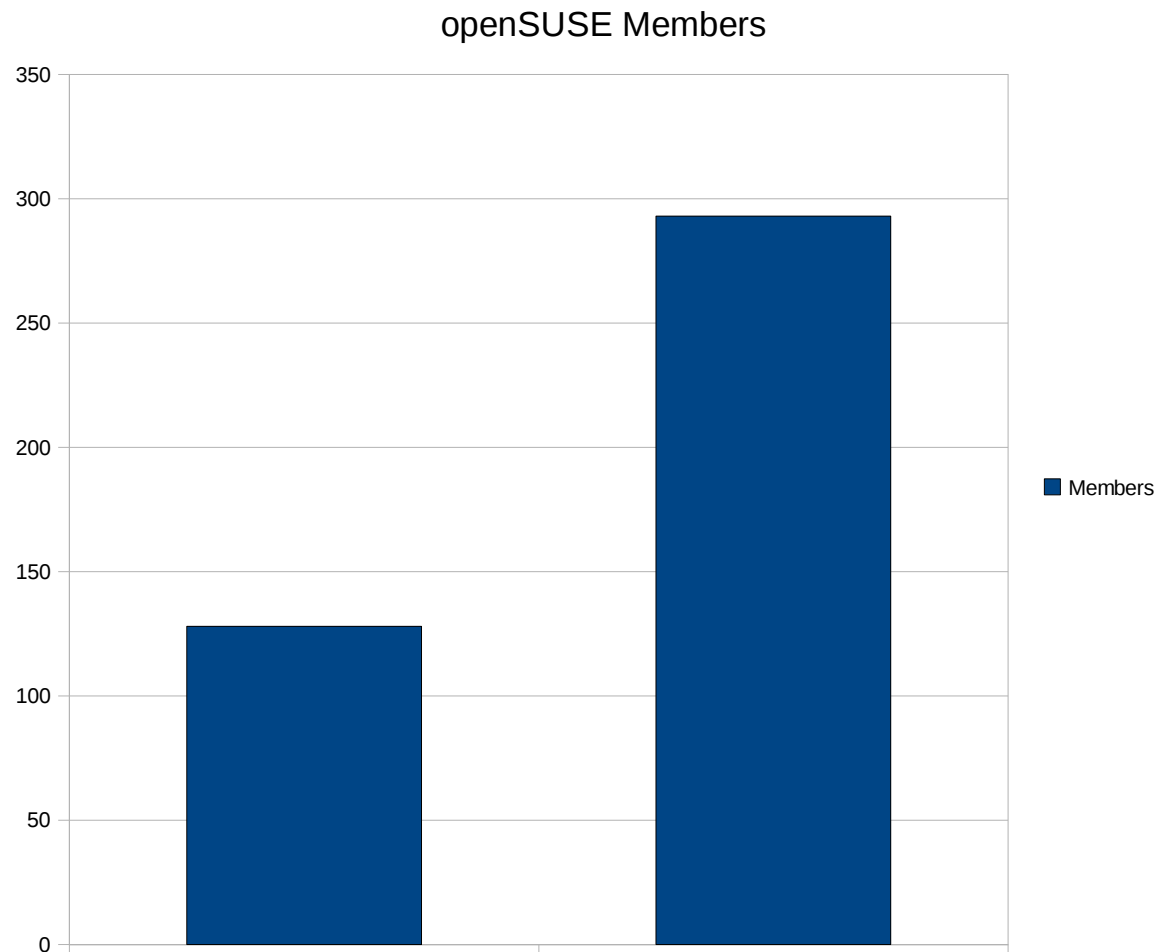

Introduction

- State of openSUSE
- Looking ahead: 2009 - 2010
- Topics for openSUSE Day

State of openSUSE

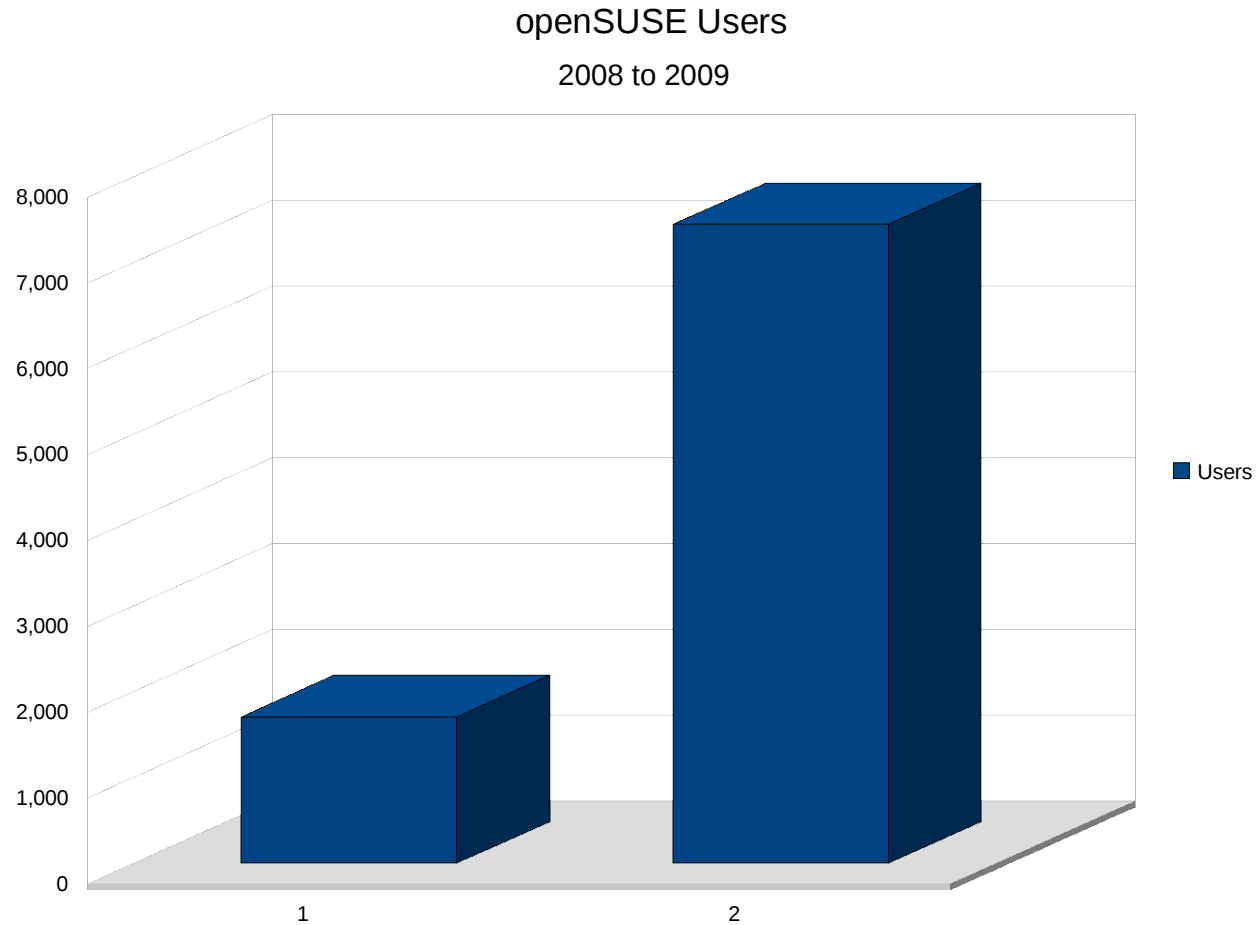

Project Growth: openSUSE Members

Project Growth: openSUSE Users

Project Growth

openSUSE Build Service Growth

Project Growth: openSUSE Forums

- 2008: 0 users
- 2009: 30,009 users

Distribution and Build Service

- **Two openSUSE releases:**
 - 11.0 brought major changes in package management, installer, media
 - 11.1 improved on 11.0, better KDE, new license, DVD entirely OSS
- **Improvements in the openSUSE Build Service:**
 - Submission handling/notification system added
 - Better source code handling
 - Branch packages
 - “Feature complete” for collaboration
 - Build appliances and live CD images
 - Build openSUSE *entirely* in the Build Service

New License & Trademark Guidelines

- No more “EULA” – openSUSE is licensed under the GNU General Public License
- Makes it easy for anyone to re-distribute and re-mix openSUSE
- Clarified openSUSE Trademark Guidelines
 - Many permissions are automatically granted
 - Typical use cases are explicitly spelled out
 - Use cases that are not spelled out can be handled on a case-by-case basis
 - New guidelines in the works

Governance: openSUSE Board

- First-ever elected openSUSE Board
- Five members:
 - Michael Löffler
 - Bryen Yunashko
 - Pascal Bleser
 - ~~Federico Mena-Quintero~~
 - Henne Vogelsang
 - Stephen Shaw
- Next election: October

Features: openFATE

- Feature tracking is now open
- Members can add new features
- Anyone can review features
- To-do: Make it possible for non-members to add features

Ambassador Program

- New program
- More than 90 people signed up so far
- Still organizing, but growing fast

Looking Ahead: 2009 - 2010

What's Coming

- Conference: openSUSE Conference in Nuremberg
 - September 17 – 20
 - Registration open now!
 - Speakers to be announced soon
- Board Election in October
- Foundation: openSUSE Foundation in the works
- New release: openSUSE 11.2 in November
 - Web YaST
 - New KDE, GNOME, and much more
 - 8-month cycles after 11.2

Get Involved

- No matter what you can do, we want you!
- Stay informed:
 - openSUSE.news.org
 - Twitter / Identi.ca: [opensuse](#)
 - Lizards.opensuse.org – Developer Blogs
 - Meetings: openSUSE.org/Meetings
 - Planet SUSE: planetsuse.org
 - IRC: [#opensuse-project](#) on Freenode.net

New Topic
